

Request for Business Administration MAJOR Student Application

The CBA will be accepting applications for Spring 2018 admission between September 1st and October 6th for a very limited number of spaces. **Because our current population is unusually high, we anticipate the selection process will be extremely competitive and that applicants will need to far exceed the minimum requirements posted in order to gain admission.** A letter of intent letting us know why you are a good CBA candidate is required along with the application.

Please note that you will not hear from any College of Business representatives until the **week of January 1st 2018**, regarding the status of this application.
