

Request for Business Administration MAJOR Student Application

The CBA will be accepting applications for Fall 2019 admission between January 14 and February 21 for a very limited number of spaces. **Because our current population is unusually high, we anticipate the selection process will be extremely competitive and that applicants will need to far exceed the minimum requirements posted in order to gain admission.** A letter of intent letting us know why you are a good CBA candidate is required along with the application. Please note that you will not hear from any College of Business representatives until the week of May 27, 2019 regarding the status of this application.
